

CHAPTER 97-32

Committee Substitute for Senate Bill No. 360

An act relating to the Coastal Zone Protection Act of 1985; amending s. 161.54, F.S.; redefining the term "substantial improvement"; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (12) of section 161.54, Florida Statutes, is amended to read:

161.54 Definitions.—In construing ss. 161.52-161.58:

(12) "Substantial improvement" means any repair, reconstruction, rehabilitation, or improvement of a structure, where the actual cost of the improvement or repair of the structure to its pre-damage condition which equals or exceeds, over a 5-year period, a cumulative total of 50 percent of the market value of the structure either:

(a) Before the improvement or repair is started; or

(b) If the structure has been damaged and is being restored, before the damage occurred.

The cumulative total cost does not include nonstructural interior finishings or roof coverings except when determining whether the structure has been substantially improved as a result of a single improvement or repair.

For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either any project for improvement of a structure to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a structure listed on the National Register of Historic Places or the State Inventory of Historic Places.

Section 2. This act shall take effect upon becoming a law.

Became a law without the Governor's approval April 30, 1997.

Filed in Office Secretary of State April 29, 1997.
