From the funds in Specific Appropriation 103, \$200,000 from the General Revenue Fund and \$200,000 from the Administrative Trust Fund are provided for an independent evaluation of the MedRx methodology for risk-adjusting Medicaid reform capitation rates. The evaluation shall analyze and compare the predictive accuracy of MedRx for HMO and fee-for-service populations to identify and quantify any effect as a result of the implementation of pharmacy management systems or other management tools by HMOs on the measurement of expected health care costs or health service utilization. If such an effect is found to exist, the study shall recommend specific adjustments to the methodology or its results that will assure the capitation rates fairly and reliably predict resource needs. The evaluation shall report on the reform plans' medical expense and other financial data related to the first contract year of Medicaid reform in each county. The evaluation also shall assess the impact of MedRx and Chronic Illness and Disabilities Payment System (CDPS) both during the initial implementation of Medicaid Reform and prospectively, on the financial viability of capitated HMOs and PSNs.

## PROGRAM: HEALTH SERVICES

In order to identify potential cost savings for inmate health services, the Department of Corrections shall release an invitation to negotiate by November 15, 2007, to (a) consider whether costs associated with contracted rates of medical providers for off-site inmate medical care could be reduced under a statewide preferred provider organization or other network provider; (b) determine whether costs associated with inmate prescription drugs may be reduced through the use of a drug-purchasing consortium; and (c) identify other cost savings that could be achieved through other health services utilization management controls. The department shall report its findings and recommendations to the Executive Office of the Governor, Office of Policy and Budget, the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by January 15, 2008.

## PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

It is the intent of the Legislature that the Department of Juvenile Justice place the greatest priority on reducing the number of juveniles who are committed to residential facilities which have more than 165 beds by placing juveniles in facilities with 165 beds or less. The Legislature further intends that the department fill as many of the vacancies as possible in facilities having fewer than 165 beds. The department may fund new facilities having fewer than 165 beds.

The department shall initiate the transfer of juvenile offenders from the Polk Youth Development Center to existing facilities serving offenders at the same risk level, which have 165 beds or less and which have vacancies. As soon as possible after the closure of the Polk Youth Development Center, the Department of Juvenile Justice shall transfer the facility to the Department of Corrections for the purpose of housing inmates in its custody that have been sentenced to imprisonment for eighteen months or less. In addition, the Department of Corrections shall submit a report to the Executive Office of the Governor, Office of Policy and Budget, the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by January 1, 2008, detailing the cost and timeline for transferring this facility to the department.

The Department of Juvenile Justice shall develop a plan for phasing out residential commitment facilities with capacities exceeding 165 residents. Such plan shall include any cost savings resulting from the closure of these facilities and shall be submitted to the Executive Office of the Governor, Office of Policy and Budget, the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by January 1, 2008. The department must seek approval of the Legislative Budget Commission to use funds realized from the cost savings resulting from the closure of these facilities.
