Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (4) of section 159.807, Florida Statutes, is reenacted to read:

159.807 State allocation pool.—

(4)(a) The state allocation pool shall also be used to provide written confirmations for private activity bonds that are to be issued by state agencies, which bonds, notwithstanding any other provisions of this part, shall receive priority in the use of the pool available at the time the notice of intent to issue such bonds is filed with the division.

(b) Notwithstanding the provisions of paragraph (a), on or before November 15 of each year, the Florida Housing Finance Corporation’s access to the state allocation pool is limited to the amount of the corporation’s initial allocation under s. 159.804. Thereafter, the corporation may not receive more than 80 percent of the amount in the state allocation pool on November 16 of each year, and may not receive more than 80 percent of any additional amounts that become available during each year. The limitations of this paragraph do not apply to the distribution of the unused allocation of the state volume limitation to the Florida Housing Finance Corporation under s. 159.81(2)(b), (c), and (d).

Section 2. Section 193.018, Florida Statutes, is reenacted to read:

193.018 Land owned by a community land trust used to provide affordable housing; assessment; structural improvements, condominium parcels, and cooperative parcels.—

(1) As used in this section, the term “community land trust” means a nonprofit entity that is qualified as charitable under s. 501(c)(3) of the Internal Revenue Code and has as one of its purposes the acquisition of land to be held in perpetuity for the primary purpose of providing affordable homeownership.

(2) A community land trust may convey structural improvements, condominium parcels, or cooperative parcels, that are located on specific parcels of land that are identified by a legal description contained in and subject to a ground lease having a term of at least 99 years, for the purpose of providing affordable housing to natural persons or families who meet the extremely-low-income, very-low-income, low-income, or moderate-income limits specified in s. 420.0004, or the income limits for workforce housing, as defined in s. 420.5095(3). A community land trust shall retain a preemptive option to purchase any structural improvements, condominium parcels, or cooperative parcels on the land at a price determined by a formula specified in the ground lease which is designed to ensure that the structural improvements, condominium parcels, or cooperative parcels remain affordable.
(3) In arriving at just valuation under s. 193.011, a structural improvement, condominium parcel, or cooperative parcel providing affordable housing on land owned by a community land trust, and the land owned by a community land trust that is subject to a 99-year or longer ground lease, shall be assessed using the following criteria:

(a) The amount a willing purchaser would pay a willing seller for the land is limited to an amount commensurate with the terms of the ground lease that restricts the use of the land to the provision of affordable housing in perpetuity.

(b) The amount a willing purchaser would pay a willing seller for resale-restricted improvements, condominium parcels, or cooperative parcels is limited to the amount determined by the formula in the ground lease.

(c) If the ground lease and all amendments and supplements thereto, or a memorandum documenting how such lease and amendments or supplements restrict the price at which the improvements, condominium parcels, or cooperative parcels may be sold, is recorded in the official public records of the county in which the leased land is located, the recorded lease and any amendments and supplements, or the recorded memorandum, shall be deemed a land use regulation during the term of the lease as amended or supplemented.

Section 3. Subsection (5) of section 196.196, Florida Statutes, is reenacted to read:

196.196 Determining whether property is entitled to charitable, religious, scientific, or literary exemption.—

(5)(a) Property owned by an exempt organization qualified as charitable under s. 501(c)(3) of the Internal Revenue Code is used for a charitable purpose if the organization has taken affirmative steps to prepare the property to provide affordable housing to persons or families that meet the extremely-low-income, very-low-income, low-income, or moderate-income limits, as specified in s. 420.0004. The term “affirmative steps” means environmental or land use permitting activities, creation of architectural plans or schematic drawings, land clearing or site preparation, construction or renovation activities, or other similar activities that demonstrate a commitment of the property to providing affordable housing.

(b)1. If property owned by an organization granted an exemption under this subsection is transferred for a purpose other than directly providing affordable homeownership or rental housing to persons or families who meet the extremely-low-income, very-low-income, low-income, or moderate-income limits, as specified in s. 420.0004, or is not in actual use to provide such affordable housing within 5 years after the date the organization is granted the exemption, the property appraiser making such determination shall serve upon the organization that illegally or improperly received the exemption a notice of intent to record in the public records of the county a
notice of tax lien against any property owned by that organization in the county, and such property shall be identified in the notice of tax lien. The organization owning such property is subject to the taxes otherwise due and owing as a result of the failure to use the property to provide affordable housing plus 15 percent interest per annum and a penalty of 50 percent of the taxes owed.

2. Such lien, when filed, attaches to any property identified in the notice of tax lien owned by the organization that illegally or improperly received the exemption. If such organization no longer owns property in the county but owns property in any other county in the state, the property appraiser shall record in each such other county a notice of tax lien identifying the property owned by such organization in such county which shall become a lien against the identified property. Before any such lien may be filed, the organization so notified must be given 30 days to pay the taxes, penalties, and interest.

3. If an exemption is improperly granted as a result of a clerical mistake or an omission by the property appraiser, the organization improperly receiving the exemption shall not be assessed a penalty or interest.

4. The 5-year limitation specified in this subsection may be extended if the holder of the exemption continues to take affirmative steps to develop the property for the purposes specified in this subsection.

Section 4. Section 196.1978, Florida Statutes, is reenacted to read:

196.1978 Affordable housing property exemption.—Property used to provide affordable housing serving eligible persons as defined by s. 159.603(7) and natural persons or families meeting the extremely-low-income, very-low-income, low-income, or moderate-income limits specified in s. 420.0004, which property is owned entirely by a nonprofit entity that is a corporation not for profit, qualified as charitable under s. 501(c)(3) of the Internal Revenue Code and in compliance with Rev. Proc. 96-32, 1996-1 C.B. 717, or a Florida-based limited partnership, the sole general partner of which is a corporation not for profit which is qualified as charitable under s. 501(c)(3) of the Internal Revenue Code and which complies with Rev. Proc. 96-32, 1996-1 C.B. 717, shall be considered property owned by an exempt entity and used for a charitable purpose, and those portions of the affordable housing property which provide housing to natural persons or families classified as extremely low income, very low income, low income, or moderate income under s. 420.0004 shall be exempt from ad valorem taxation to the extent authorized in s. 196.196. All property identified in this section shall comply with the criteria for determination of exempt status to be applied by property appraisers on an annual basis as defined in s. 196.195. The Legislature intends that any property owned by a limited liability company or limited partnership which is disregarded as an entity for federal income tax purposes pursuant to Treasury Regulation 301.7701-3(b)(1)(ii) shall be treated as owned by its sole member or sole general partner.

CODING: Words stricken are deletions; words underlined are additions.
Section 5. Paragraph (d) of subsection (2) of section 212.055, Florida Statutes, is reenacted to read:

212.055 Discretionary sales surtaxes; legislative intent; authorization and use of proceeds.—It is the legislative intent that any authorization for imposition of a discretionary sales surtax shall be published in the Florida Statutes as a subsection of this section, irrespective of the duration of the levy. Each enactment shall specify the types of counties authorized to levy; the rate or rates which may be imposed; the maximum length of time the surtax may be imposed, if any; the procedure which must be followed to secure voter approval, if required; the purpose for which the proceeds may be expended; and such other requirements as the Legislature may provide. Taxable transactions and administrative procedures shall be as provided in s. 212.054.

(2) LOCAL GOVERNMENT INFRASTRUCTURE SURTAX.—

(d) The proceeds of the surtax authorized by this subsection and any accrued interest shall be expended by the school district, within the county and municipalities within the county, or, in the case of a negotiated joint county agreement, within another county, to finance, plan, and construct infrastructure; to acquire land for public recreation, conservation, or protection of natural resources; or to finance the closure of county-owned or municipally owned solid waste landfills that have been closed or are required to be closed by order of the Department of Environmental Protection. Any use of the proceeds or interest for purposes of landfill closure before July 1, 1993, is ratified. The proceeds and any interest may not be used for the operational expenses of infrastructure, except that a county that has a population of fewer than 75,000 and that is required to close a landfill may use the proceeds or interest for long-term maintenance costs associated with landfill closure. Counties, as defined in s. 125.011, and charter counties may, in addition, use the proceeds or interest to retire or service indebtedness incurred for bonds issued before July 1, 1987, for infrastructure purposes, and for bonds subsequently issued to refund such bonds. Any use of the proceeds or interest for purposes of retiring or servicing indebtedness incurred for refunding bonds before July 1, 1999, is ratified.

1. For the purposes of this paragraph, the term “infrastructure” means:

   a. Any fixed capital expenditure or fixed capital outlay associated with the construction, reconstruction, or improvement of public facilities that have a life expectancy of 5 or more years and any related land acquisition, land improvement, design, and engineering costs.

   b. A fire department vehicle, an emergency medical service vehicle, a sheriff’s office vehicle, a police department vehicle, or any other vehicle, and the equipment necessary to outfit the vehicle for its official use or equipment that has a life expectancy of at least 5 years.

Such improvements are limited to those necessary to comply with current standards for public emergency evacuation shelters. The owner must enter into a written contract with the local government providing the improvement funding to make the private facility available to the public for purposes of emergency shelter at no cost to the local government for a minimum of 10 years after completion of the improvement, with the provision that the obligation will transfer to any subsequent owner until the end of the minimum period.

e. Any land acquisition expenditure for a residential housing project in which at least 30 percent of the units are affordable to individuals or families whose total annual household income does not exceed 120 percent of the area median income adjusted for household size, if the land is owned by a local government or by a special district that enters into a written agreement with the local government to provide such housing. The local government or special district may enter into a ground lease with a public or private person or entity for nominal or other consideration for the construction of the residential housing project on land acquired pursuant to this sub-subparagraph.

2. Notwithstanding any other provision of this subsection, a local government infrastructure surtax imposed or extended after July 1, 1998, may allocate up to 15 percent of the surtax proceeds for deposit in a trust fund within the county's accounts created for the purpose of funding economic development projects having a general public purpose of improving local economies, including the funding of operational costs and incentives related to economic development. The ballot statement must indicate the intention to make an allocation under the authority of this subparagraph.

Section 11. Section 420.628, Florida Statutes, is reenacted to read:

420.628 Affordable housing for children and young adults leaving foster care; legislative findings and intent.—

(1)(a) The Legislature finds that there are many young adults who, through no fault of their own, live in foster families, group homes, and institutions, and face numerous barriers to a successful transition to adulthood. Young adults who are leaving the child welfare system may enter adulthood lacking the knowledge, skills, attitudes, habits, and relationships that will enable them to become productive members of society.

(b) The Legislature further finds that the main barriers to safe and affordable housing for such young adults are cost, lack of availability, the unwillingness of landlords to rent to such youth due to perceived regulatory barriers, and a lack of knowledge about how to be a good tenant. These barriers cause young adults to be at risk of becoming homeless.
(c) The Legislature also finds that young adults who leave the child welfare system are disproportionately represented in the homeless population. Without the stability of safe and affordable housing, all other services, training, and opportunities provided to such young adults may not be effective. Making affordable housing available will decrease the chance of homelessness and may increase the ability of such young adults to live independently.

(d) The Legislature intends that the Florida Housing Finance Corporation, agencies within the State Housing Initiative Partnership Program, local housing finance agencies, public housing authorities, and their agents, and other providers of affordable housing coordinate with the Department of Children and Family Services, their agents, and community-based care providers who provide services under s. 409.1671 to develop and implement strategies and procedures designed to make affordable housing available whenever and wherever possible to young adults who leave the child welfare system.

(2) Young adults who leave the child welfare system meet the definition of eligible persons under ss. 420.503(17) and 420.9071(10) for affordable housing, and are encouraged to participate in federal, state, and local affordable housing programs. Students deemed to be eligible occupants under 26 U.S.C. s. 42(i)(3)(D) shall be considered eligible persons for purposes of all projects funded under this chapter.

Section 12. Subsections (4), (8), (16), (25), (29), and (30) of section 420.9071, Florida Statutes, are reenacted to read:

420.9071 Definitions.—As used in ss. 420.907-420.9079, the term:

(4) “Annual gross income” means annual income as defined under the Section 8 housing assistance payments programs in 24 C.F.R. part 5; annual income as reported under the census long form for the recent available decennial census; or adjusted gross income as defined for purposes of reporting under Internal Revenue Service Form 1040 for individual federal annual income tax purposes or as defined by standard practices used in the lending industry as detailed in the local housing assistance plan and approved by the corporation. Counties and eligible municipalities shall calculate income by annualizing verified sources of income for the household as the amount of income to be received in a household during the 12 months following the effective date of the determination.

(8) “Eligible housing” means any real and personal property located within the county or the eligible municipality which is designed and intended for the primary purpose of providing decent, safe, and sanitary residential units that are designed to meet the standards of the Florida Building Code or previous building codes adopted under chapter 553, or manufactured housing constructed after June 1994 and installed in accordance with the installation standards for mobile or manufactured homes contained in rules of the Department of Highway Safety and Motor Vehicles, for home
ownership or rental for eligible persons as designated by each county or eligible municipality participating in the State Housing Initiatives Partnership Program.

(16) “Local housing incentive strategies” means local regulatory reform or incentive programs to encourage or facilitate affordable housing production, which include at a minimum, assurance that permits as defined in s. 163.3164(7) and (8) for affordable housing projects are expedited to a greater degree than other projects; an ongoing process for review of local policies, ordinances, regulations, and plan provisions that increase the cost of housing prior to their adoption; and a schedule for implementing the incentive strategies. Local housing incentive strategies may also include other regulatory reforms, such as those enumerated in s. 420.9076 or those recommended by the affordable housing advisory committee in its triennial evaluation of the implementation of affordable housing incentives, and adopted by the local governing body.

(25) “Recaptured funds” means funds that are recouped by a county or eligible municipality in accordance with the recapture provisions of its local housing assistance plan pursuant to s. 420.9075(5)(h) from eligible persons or eligible sponsors, which funds were not used for assistance to an eligible household for an eligible activity, when there is a default on the terms of a grant award or loan award.

(29) “Assisted housing” or “assisted housing development” means a rental housing development, including rental housing in a mixed-use development, that received or currently receives funding from any federal or state housing program.

(30) “Preservation” means actions taken to keep rents in existing assisted housing affordable for extremely-low-income, very-low-income, low-income, and moderate-income households while ensuring that the property stays in good physical and financial condition for an extended period.

Section 13. Subsections (6) and (7) of section 420.9072, Florida Statutes, are reenacted to read:

420.9072 State Housing Initiatives Partnership Program.—The State Housing Initiatives Partnership Program is created for the purpose of providing funds to counties and eligible municipalities as an incentive for the creation of local housing partnerships, to expand production of and preserve affordable housing, to further the housing element of the local government comprehensive plan specific to affordable housing, and to increase housing-related employment.

(6) The moneys that otherwise would be distributed pursuant to s. 420.9073 to a local government that does not meet the program’s requirements for receipts of such distributions shall remain in the Local Government Housing Trust Fund to be administered by the corporation.

CODING: Words struck are deletions; words underlined are additions.
(7) A county or an eligible municipality must expend its portion of the local housing distribution only to implement a local housing assistance plan or as provided in this subsection.

(a) A county or an eligible municipality may not expend its portion of the local housing distribution to provide rent subsidies; however, this does not prohibit the use of funds for security and utility deposit assistance.

(b) A county or an eligible municipality may expend a portion of the local housing distribution to provide a one-time relocation grant to persons who meet the income requirements of the State Housing Initiatives Partnership Program and who are subject to eviction from rental property located in the county or eligible municipality due to the foreclosure of the rental property. In order to receive a grant under this paragraph, a person must provide the county or eligible municipality with proof of meeting the income requirements of a very-low-income household, a low-income household, or a moderate-income household; a notice of eviction; and proof that the rent has been paid for at least 3 months before the date of eviction, including the month that the notice of eviction was served. Relocation assistance under this paragraph is limited to a one-time grant of not more than $5,000 and is not limited to persons who are subject to eviction from projects funded under the State Housing Initiatives Partnership Program. This paragraph expires July 1, 2010.

Section 14. Subsections (1), (2), (5), (6), and (7) of section 420.9073, Florida Statutes, are reenacted to read:

420.9073 Local housing distributions.—

(1) Distributions calculated in this section shall be disbursed on a quarterly or more frequent basis by the corporation pursuant to s. 420.9072, subject to availability of funds. Each county’s share of the funds to be distributed from the portion of the funds in the Local Government Housing Trust Fund received pursuant to s. 201.15(9) shall be calculated by the corporation for each fiscal year as follows:

(a) Each county other than a county that has implemented the provisions of chapter 83-220, Laws of Florida, as amended by chapters 84-270, 86-152, and 89-252, Laws of Florida, shall receive the guaranteed amount for each fiscal year.

(b) Each county other than a county that has implemented the provisions of chapter 83-220, Laws of Florida, as amended by chapters 84-270, 86-152, and 89-252, Laws of Florida, may receive an additional share calculated as follows:

1. Multiply each county’s percentage of the total state population excluding the population of any county that has implemented the provisions of chapter 83-220, Laws of Florida, as amended by chapters 84-270, 86-152, and 89-252, Laws of Florida, by the total funds to be distributed.
2. If the result in subparagraph 1. is less than the guaranteed amount as determined in subsection (3), that county’s additional share shall be zero.

3. For each county in which the result in subparagraph 1. is greater than the guaranteed amount as determined in subsection (3), the amount calculated in subparagraph 1. shall be reduced by the guaranteed amount. The result for each such county shall be expressed as a percentage of the amounts so determined for all counties. Each such county shall receive an additional share equal to such percentage multiplied by the total funds received by the Local Government Housing Trust Fund pursuant to s. 201.15(9) reduced by the guaranteed amount paid to all counties.

(2) Distributions calculated in this section shall be disbursed on a quarterly or more frequent basis by the corporation pursuant to s. 420.9072, subject to availability of funds. Each county’s share of the funds to be distributed from the portion of the funds in the Local Government Housing Trust Fund received pursuant to s. 201.15(10) shall be calculated by the corporation for each fiscal year as follows:

(a) Each county shall receive the guaranteed amount for each fiscal year.

(b) Each county may receive an additional share calculated as follows:

1. Multiply each county’s percentage of the total state population, by the total funds to be distributed.

2. If the result in subparagraph 1. is less than the guaranteed amount as determined in subsection (3), that county’s additional share shall be zero.

3. For each county in which the result in subparagraph 1. is greater than the guaranteed amount, the amount calculated in subparagraph 1. shall be reduced by the guaranteed amount. The result for each such county shall be expressed as a percentage of the amounts so determined for all counties. Each such county shall receive an additional share equal to this percentage multiplied by the total funds received by the Local Government Housing Trust Fund pursuant to s. 201.15(10) as reduced by the guaranteed amount paid to all counties.

(5) Notwithstanding subsections (1)-(4), the corporation may withhold up to $5 million of the total amount distributed each fiscal year from the Local Government Housing Trust Fund to provide additional funding to counties and eligible municipalities where a state of emergency has been declared by the Governor pursuant to chapter 252. Any portion of the withheld funds not distributed by the end of the fiscal year shall be distributed as provided in subsections (1) and (2).

(6) Notwithstanding subsections (1)-(4), the corporation may withhold up to $5 million from the total amount distributed each fiscal year from the Local Government Housing Trust Fund to provide funding to counties and eligible municipalities to purchase properties subject to a State Housing Initiative Partnership Program lien and on which foreclosure proceedings
have been initiated by any mortgagee. Each county and eligible municipality that receives funds under this subsection shall repay such funds to the corporation not later than the expenditure deadline for the fiscal year in which the funds were awarded. Amounts not repaid shall be withheld from the subsequent year’s distribution. Any portion of such funds not distributed under this subsection by the end of the fiscal year shall be distributed as provided in subsections (1) and (2).

(7) A county receiving local housing distributions under this section or an eligible municipality that receives local housing distributions under an interlocal agreement shall expend those funds in accordance with the provisions of ss. 420.907-420.9079, rules of the corporation, and the county’s local housing assistance plan.

Section 15. Subsections (1), (3), (5), and (8), paragraphs (a) and (h) of subsection (10), paragraph (b) of subsection (13), and subsection (14) of section 420.9075, Florida Statutes, are reenacted to read:

420.9075 Local housing assistance plans; partnerships.—

(1)(a) Each county or eligible municipality participating in the State Housing Initiatives Partnership Program shall develop and implement a local housing assistance plan created to make affordable residential units available to persons of very low income, low income, or moderate income and to persons who have special housing needs, including, but not limited to, homeless people, the elderly, migrant farmworkers, and persons with disabilities. Counties or eligible municipalities may include strategies to assist persons and households having annual incomes of not more than 140 percent of area median income. The plans are intended to increase the availability of affordable residential units by combining local resources and cost-saving measures into a local housing partnership and using private and public funds to reduce the cost of housing.

(b) Local housing assistance plans may allocate funds to:

1. Implement local housing assistance strategies for the provision of affordable housing.

2. Supplement funds available to the corporation to provide enhanced funding of state housing programs within the county or the eligible municipality.

3. Provide the local matching share of federal affordable housing grants or programs.

4. Fund emergency repairs, including, but not limited to, repairs performed by existing service providers under weatherization assistance programs under ss. 409.509-409.5093.

5. Further the housing element of the local government comprehensive plan adopted pursuant to s. 163.3184, specific to affordable housing.
Each local housing assistance plan shall include a definition of essential service personnel for the county or eligible municipality, including, but not limited to, teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, skilled building trades personnel, and other job categories.

Each county and each eligible municipality is encouraged to develop a strategy within its local housing assistance plan that emphasizes the recruitment and retention of essential service personnel. The local government is encouraged to involve public and private sector employers. Compliance with the eligibility criteria established under this strategy shall be verified by the county or eligible municipality.

Each county and each eligible municipality is encouraged to develop a strategy within its local housing assistance plan that addresses the needs of persons who are deprived of affordable housing due to the closure of a mobile home park or the conversion of affordable rental units to condominiums.

Each county and each eligible municipality shall describe initiatives in the local housing assistance plan to encourage or require innovative design, green building principles, storm-resistant construction, or other elements that reduce long-term costs relating to maintenance, utilities, or insurance.

Each county and each eligible municipality is encouraged to develop a strategy within its local housing assistance plan which provides program funds for the preservation of assisted housing.

The following criteria apply to awards made to eligible sponsors or eligible persons for the purpose of providing eligible housing:

At least 65 percent of the funds made available in each county and eligible municipality from the local housing distribution must be reserved for home ownership for eligible persons.

At least 75 percent of the funds made available in each county and eligible municipality from the local housing distribution must be reserved for construction, rehabilitation, or emergency repair of affordable, eligible housing.

Not more than 20 percent of the funds made available in each county and eligible municipality from the local housing distribution may be used for manufactured housing.

The sales price or value of new or existing eligible housing may not exceed 90 percent of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs or as otherwise established by the United States Department of the Treasury.

CODING: Words stricken are deletions; words underlined are additions.
1. All units constructed, rehabilitated, or otherwise assisted with the funds provided from the local housing assistance trust fund must be occupied by very-low-income persons, low-income persons, and moderate-income persons except as otherwise provided in this section.

2. At least 30 percent of the funds deposited into the local housing assistance trust fund must be reserved for awards to very-low-income persons or eligible sponsors who will serve very-low-income persons and at least an additional 30 percent of the funds deposited into the local housing assistance trust fund must be reserved for awards to low-income persons or eligible sponsors who will serve low-income persons. This subparagraph does not apply to a county or an eligible municipality that includes, or has included within the previous 5 years, an area of critical state concern designated or ratified by the Legislature for which the Legislature has declared its intent to provide affordable housing. The exemption created by this act expires on July 1, 2013, and shall apply retroactively.

(f) Loans shall be provided for periods not exceeding 30 years, except for deferred payment loans or loans that extend beyond 30 years which continue to serve eligible persons.

(g) Loans or grants for eligible rental housing constructed, rehabilitated, or otherwise assisted from the local housing assistance trust fund must be subject to recapture requirements as provided by the county or eligible municipality in its local housing assistance plan unless reserved for eligible persons for 15 years or the term of the assistance, whichever period is longer. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

(h) Loans or grants for eligible owner-occupied housing constructed, rehabilitated, or otherwise assisted from proceeds provided from the local housing assistance trust fund shall be subject to recapture requirements as provided by the county or eligible municipality in its local housing assistance plan.

(i) The total amount of monthly mortgage payments or the amount of monthly rent charged by the eligible sponsor or her or his designee must be made affordable.

(j) The maximum sales price or value per unit and the maximum award per unit for eligible housing benefiting from awards made pursuant to this section must be established in the local housing assistance plan.

(k) The benefit of assistance provided through the State Housing Initiatives Partnership Program must accrue to eligible persons occupying eligible housing. This provision shall not be construed to prohibit use of the local housing distribution funds for a mixed income rental development.
Funds from the local housing distribution not used to meet the criteria established in paragraph (a) or paragraph (b) or not used for the administration of a local housing assistance plan must be used for housing production and finance activities, including, but not limited to, financing preconstruction activities or the purchase of existing units, providing rental housing, and providing home ownership training to prospective home buyers and owners of homes assisted through the local housing assistance plan.

1. Notwithstanding the provisions of paragraphs (a) and (b), program income as defined in s. 420.9071(24) may also be used to fund activities described in this paragraph.

2. When preconstruction due-diligence activities conducted as part of a preservation strategy show that preservation of the units is not feasible and will not result in the production of an eligible unit, such costs shall be deemed a program expense rather than an administrative expense if such program expenses do not exceed 3 percent of the annual local housing distribution.

3. If both an award under the local housing assistance plan and federal low-income housing tax credits are used to assist a project and there is a conflict between the criteria prescribed in this subsection and the requirements of s. 42 of the Internal Revenue Code of 1986, as amended, the county or eligible municipality may resolve the conflict by giving precedence to the requirements of s. 42 of the Internal Revenue Code of 1986, as amended, in lieu of following the criteria prescribed in this subsection with the exception of paragraphs (a) and (e) of this subsection.

4. Each county and each eligible municipality may award funds as a grant for construction, rehabilitation, or repair as part of disaster recovery or emergency repairs or to remedy accessibility or health and safety deficiencies. Any other grants must be approved as part of the local housing assistance plan.

8. Pursuant to s. 420.531, the corporation shall provide training and technical assistance to local governments regarding the creation of partnerships, the design of local housing assistance strategies, the implementation of local housing incentive strategies, and the provision of support services.

10. Each county or eligible municipality shall submit to the corporation by September 15 of each year a report of its affordable housing programs and accomplishments through June 30 immediately preceding submittal of the report. The report shall be certified as accurate and complete by the local government’s chief elected official or his or her designee. Transmittal of the annual report by a county’s or eligible municipality’s chief elected official, or his or her designee, certifies that the local housing incentive strategies, or, if applicable, the local housing incentive plan, have been implemented or are in the process of being implemented pursuant to the adopted schedule for implementation. The report must include, but is not limited to:

CODING: Words stricken are deletions; words underlined are additions.
(a) The number of households served by income category, age, family size, and race, and data regarding any special needs populations such as farmworkers, homeless persons, persons with disabilities, and the elderly. Counties shall report this information separately for households served in the unincorporated area and each municipality within the county.

(h) Such other data or affordable housing accomplishments considered significant by the reporting county or eligible municipality or by the corporation.

(13)

(b) If, as a result of its review of the annual report, the corporation determines that a county or eligible municipality has failed to implement a local housing incentive strategy, or, if applicable, a local housing incentive plan, it shall send a notice of termination of the local government’s share of the local housing distribution by certified mail to the affected county or eligible municipality.

1. The notice must specify a date of termination of the funding if the affected county or eligible municipality does not implement the plan or strategy and provide for a local response. A county or eligible municipality shall respond to the corporation within 30 days after receipt of the notice of termination.

2. The corporation shall consider the local response that extenuating circumstances precluded implementation and grant an extension to the timeframe for implementation. Such an extension shall be made in the form of an extension agreement that provides a timeframe for implementation. The chief elected official of a county or eligible municipality or his or her designee shall have the authority to enter into the agreement on behalf of the local government.

3. If the county or the eligible municipality has not implemented the incentive strategy or entered into an extension agreement by the termination date specified in the notice, the local housing distribution share terminates, and any uncommitted local housing distribution funds held by the affected county or eligible municipality in its local housing assistance trust fund shall be transferred to the Local Government Housing Trust Fund to the credit of the corporation to administer.

4.a. If the affected local government fails to meet the timeframes specified in the agreement, the corporation shall terminate funds. The corporation shall send a notice of termination of the local government’s share of the local housing distribution by certified mail to the affected local government. The notice shall specify the termination date, and any uncommitted funds held by the affected local government shall be transferred to the Local Government Housing Trust Fund to the credit of the corporation to administer.

CODING: Words stricken are deletions; words underlined are additions.
b. If the corporation terminates funds to a county, but an eligible municipality receiving a local housing distribution pursuant to an interlocal agreement maintains compliance with program requirements, the corporation shall thereafter distribute directly to the participating eligible municipality its share calculated in the manner provided in s. 420.9072.

c. Any county or eligible municipality whose local distribution share has been terminated may subsequently elect to receive directly its local distribution share by adopting the ordinance, resolution, and local housing assistance plan in the manner and according to the procedures provided in ss. 420.907-420.9079.

(14) If the corporation determines that a county or eligible municipality has expended program funds for an ineligible activity, the corporation shall require such funds to be repaid to the local housing assistance trust fund. Such repayment may not be made with funds from the State Housing Initiatives Partnership Program.

Section 16. Paragraph (h) of subsection (2), subsections (5) and (6), and paragraph (a) of subsection (7) of section 420.9076, Florida Statutes, are reenacted to read:

420.9076 Adoption of affordable housing incentive strategies; committees.—

(2) The governing board of a county or municipality shall appoint the members of the affordable housing advisory committee by resolution. Pursuant to the terms of any interlocal agreement, a county and municipality may create and jointly appoint an advisory committee to prepare a joint plan. The ordinance adopted pursuant to s. 420.9072 which creates the advisory committee or the resolution appointing the advisory committee members must provide for 11 committee members and their terms. The committee must include:

(h) One citizen who actively serves on the local planning agency pursuant to s. 163.3174. If the local planning agency is comprised of the governing board of the county or municipality, the governing board may appoint a designee who is knowledgeable in the local planning process.

If a county or eligible municipality whether due to its small size, the presence of a conflict of interest by prospective appointees, or other reasonable factor, is unable to appoint a citizen actively engaged in these activities in connection with affordable housing, a citizen engaged in the activity without regard to affordable housing may be appointed. Local governments that receive the minimum allocation under the State Housing Initiatives Partnership Program may elect to appoint an affordable housing advisory committee with fewer than 11 representatives if they are unable to find representatives who meet the criteria of paragraphs (a)-(k).
The approval by the advisory committee of its local housing incentive strategies recommendations and its review of local government implementation of previously recommended strategies must be made by affirmative vote of a majority of the membership of the advisory committee taken at a public hearing. Notice of the time, date, and place of the public hearing of the advisory committee to adopt its evaluation and final local housing incentive strategies recommendations must be published in a newspaper of general paid circulation in the county. The notice must contain a short and concise summary of the evaluation and local housing incentives strategies recommendations to be considered by the advisory committee. The notice must state the public place where a copy of the evaluation and tentative advisory committee recommendations can be obtained by interested persons. The final report, evaluation, and recommendations shall be submitted to the corporation.

Within 90 days after the date of receipt of the evaluation and local housing incentive strategies recommendations from the advisory committee, the governing body of the appointing local government shall adopt an amendment to its local housing assistance plan to incorporate the local housing incentive strategies it will implement within its jurisdiction. The amendment must include, at a minimum, the local housing incentive strategies required under s. 420.9071(16). The local government must consider the strategies specified in paragraphs (4)(a)-(k) as recommended by the advisory committee.

The governing board of the county or the eligible municipality shall notify the corporation by certified mail of its adoption of an amendment of its local housing assistance plan to incorporate local housing incentive strategies. The notice must include a copy of the approved amended plan.

If the corporation fails to receive timely the approved amended local housing assistance plan to incorporate local housing incentive strategies, a notice of termination of its share of the local housing distribution shall be sent by certified mail by the corporation to the affected county or eligible municipality. The notice of termination must specify a date of termination of the funding if the affected county or eligible municipality has not adopted an amended local housing assistance plan to incorporate local housing incentive strategies. If the county or the eligible municipality has not adopted an amended local housing assistance plan to incorporate local housing incentive strategies by the termination date specified in the notice of termination, the local distribution share terminates; and any uncommitted local distribution funds held by the affected county or eligible municipality in its local housing assistance trust fund shall be transferred to the Local Government Housing Trust Fund to the credit of the corporation to administer the local government housing program.

Section 17. Section 420.9078, Florida Statutes, is repealed.

Section 18. Section 420.9079, Florida Statutes, is reenacted to read:

The interest received on any such investment shall be credited to the fund.

(2) The corporation shall administer the fund exclusively for the purpose of implementing the programs described in ss. 420.907-420.9076 and this section. With the exception of monitoring the activities of counties and eligible municipalities to determine local compliance with program requirements, the corporation shall not receive appropriations from the fund for administrative or personnel costs. For the purpose of implementing the compliance monitoring provisions of s. 420.9075(9), the corporation may request a maximum of one-quarter of 1 percent of the annual appropriation per state fiscal year. When such funding is appropriated, the corporation shall deduct the amount appropriated prior to calculating the local housing distribution pursuant to ss. 420.9072 and 420.9073.

Section 20. This act shall take effect upon becoming a law, and those portions of this act which were amended, created, or repealed by chapter 2009-96, Laws of Florida, shall operate retroactively to June 1, 2009.
