CODING: Words stricken are deletions; words underlined are additions.
440.015 Legislative intent.—It is the intent of the Legislature that the Workers’ Compensation Law be interpreted so as to assure the quick and efficient delivery of disability and medical benefits to an injured worker and to facilitate the worker’s return to gainful reemployment at a reasonable cost to the employer. It is the specific intent of the Legislature that workers’ compensation cases shall be decided on their merits. The workers’ compensation system in Florida is based on a mutual renunciation of common-law rights and defenses by employers and employees alike. In addition, it is the intent of the Legislature that the facts in a workers’ compensation case are not to be interpreted liberally in favor of either the rights of the injured worker or the rights of the employer. Additionally, the Legislature hereby declares that disputes concerning the facts in workers’ compensation cases are not to be given a broad liberal construction in favor of the employee on the one hand or of the employer on the other hand, and the laws pertaining to workers’ compensation are to be construed in accordance with the basic principles of statutory construction and not liberally in favor of either employee or employer. It is the intent of the Legislature to ensure the prompt delivery of benefits to the injured worker. Therefore, an efficient and self-executing system must be created which is not an economic or administrative burden. The department, agency, the Office of Insurance Regulation, the Department of Education, and the Division of Administrative Hearings shall administer the Workers’ Compensation Law in a manner which facilitates the self-execution of the system and the process of ensuring a prompt and cost-effective delivery of payments.

Section 4. Section 440.125, Florida Statutes, is amended to read:

440.125 Medical records and reports; identifying information in employee medical bills; confidentiality.—Any medical records and medical reports of an injured employee and any information identifying an injured employee in medical bills which are provided to the department, pursuant to s. 440.13, are confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution, except as otherwise provided by this chapter. The department may share any such confidential and exempt records, reports, or information received pursuant to s. 440.13 with the Agency for Health Care Administration and the Department of Education in furtherance of their official duties under ss. 440.13 and 440.134. The agency and the department shall maintain the confidential and exempt status of such records, reports, and information received.

The office shall be furnished and equipped. The department, the agency, any judge of compensation claims, or the Deputy Chief Judge may hold sessions and conduct hearings at any place within the state.
