(p) Notwithstanding s. 456.057 and in accordance with 45 C.F.R. part 164, subpart E, protected health information and mental health, medical, or substance abuse records specified in paragraph (1)(a) of a deceased inmate or offender to an individual with authority to act on behalf of the deceased inmate or offender, upon the individual’s request. For purposes of this section, the following individuals have authority to act on behalf of a deceased inmate or offender only for the purpose of requesting access to such protected health information and records:

1. A person appointed by a court to act as the personal representative, executor, administrator, curator, or temporary administrator of the deceased inmate’s or offender’s estate;

2. If a court has not made a judicial appointment under subparagraph 1., a person designated by the inmate or offender to act as his or her personal representative in a last will that is self-proved under s. 732.503; or

3. If a court has not made a judicial appointment under subparagraph 1. or if the inmate or offender has not designated a person in a self-proved last will as provided in subparagraph 2., only the following individuals:

   a. A surviving spouse.

   b. If there is no surviving spouse, a surviving adult child of the inmate or offender.

   c. If there is no surviving spouse or adult child, a parent of the inmate or offender.

(q) All requests for access to a deceased inmate’s or offender’s protected health information or mental health, medical, or substance abuse records specified in paragraph (1)(a) must be in writing and must be accompanied by the following:

2. If made by a person authorized under subparagraph (p)2., a copy of the self-proved last will designating the person as the inmate’s or offender’s representative.

3. If made by a person authorized under subparagraph (p)3., a letter from the person’s attorney verifying the person’s relationship to the inmate.
or offender and the absence of a court-appointed representative and self-proved last will.

Records and information released under this subsection remain confidential and exempt from the provisions of s. 119.07(1) and s. 24(a), Art. I of the State Constitution when held by the receiving person or entity.

(6) This section does not limit any right to obtain records by subpoena or other court process.

Section 2. The Legislature finds that it is a public necessity that an inmate or offender’s protected health information and HIV testing information held by the Department of Corrections pursuant to s. 945.10, Florida Statutes, remain confidential and exempt from public disclosure as the Legislature envisioned in this statute and as provided in department rules. Allowing protected health information to be publicly disclosed would in some cases cause a conflict with existing federal law and would be a violation of an inmate or offender’s privacy under the state constitution. Maintaining the confidentiality of an inmate or offender’s HIV testing information is essential to his or her participation in such testing. Thus, the harm from disclosure would outweigh any public benefit derived therefrom. Appropriate records and protected health information are available, however, to various governmental entities in order for them to perform their duties. It is mandatory that prisons function as effectively, efficiently, and nonviolently as possible. To release such information to the public would severely impede that function and would jeopardize the health and safety of those within and outside the prison system.

Section 3. This act shall take effect on the same date that HB 1201 or similar legislation takes effect, if such legislation is adopted in the same legislative session or an extension thereof and becomes law.

Approved by the Governor June 14, 2017.
