colleges to report earned certifications for funding. The Department of Education may allocate any funds not obligated by June 1, 2020, to schools who have earned awards, based on the percentage of earned certifications. By October 31, 2019, the Chancellor of the Florida College System shall identify the associated industry certifications and shall prepare a report for each certification to include cost, percent employed, and average salary of graduates. These performance funds shall not be awarded for certifications earned through continuing workforce education programs.

Industry certifications earned by students enrolled in the 2018-2019 academic year which were eligible to be included in the funding allocation for the 2018-2019 fiscal year and were not included in the final disbursement due to the early data reporting deadline may be reported by colleges and included in the allocation of funds for the 2019-2020 fiscal year. Colleges shall maintain documentation for student attainment of industry certifications that are eligible for performance funding. The Auditor General shall verify compliance with this requirement during scheduled operational audits of the colleges. If a college is unable to comply, the college shall refund the performance funding to the state.

The Office of Program Policy Analysis and Government Accountability (OPPAGA) shall conduct a review of the industry certifications funded by this appropriation to determine if they are aligned with statewide and/or regional labor market demands and to determine if the initial annual earnings of students receiving these certifications are comparable to high-skill/high wage entry level wages established for the Workforce Development Areas across the state. OPPAGA shall provide its findings to the President of the Senate and the Speaker of the House of Representatives by October 31, 2019.

The report shall be submitted to the President of the Senate and Speaker of the House of Representatives no later than October 1, 2019. Implementation of the redesign is contingent on legislative approval.

From the funds in Specific Appropriation 220, \$16,685,042 from the Grants and Donations Trust Fund and \$26,451,054 from the Medical Care Trust Fund are provided to buy back intermediate care facilities for the developmentally disabled rate reductions, effective on or after October 1, 2008, and are contingent on the nonfederal share being provided through intermediate care facilities for the developmentally disabled quality assessments. Authority is granted to buy back rate reductions up to, but not higher than, the amounts available under the budgeted authority in this Specific Appropriation. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

The recurring methodology to be utilized by the Agency for Health Care Administration to establish rates taking into consideration the reductions imposed on or after October 1, 2008, shall be to compare the average unit appropriation with actual average unit cost as follows: 1) the average unit appropriation shall be determined by dividing the total appropriation in Specific Appropriation 220 by the total bed days for the past fiscal year; 2) the total actual cost as generated based on the July 1 rate setting shall be divided by the total bed days for the past fiscal year to determine the actual unit cost; 3) the actual unit cost shall be reduced to a Reduced Actual Unit Cost by the same percentage used to calculate the Legislative Appropriation to account for client participation contributions; 4) no negative adjustment to the rates paid to providers shall occur so long as the Reduced Actual Unit Cost is equal to or less than the average unit appropriation; and 5) in the event the Reduced Actual Unit Cost is greater than the average unit appropriation, a prorated reduction shall be imposed on all rates after all Quality Assessment Fee funds have been exhausted to cover the rate reductions.

The Agency for Health Care Administration shall not pay any legal judgments, settlements, lawsuit damages or awards imposed by a court as the result of any legal proceeding relating to prior fiscal years without specific authority in the General Appropriations Act.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1153 through 1229, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriation 1153 through 1229, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2020.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1203 through 1215, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1203 through 1215, in selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. In addition, the department must conduct an independent review of each out-of-state provider before issuing a new contract. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

The department shall develop a methodology to allocate these funds in an equitable fashion among all applicable contracted service providers effective July 1, 2019. The department shall report on the use and effectiveness of these initiatives by January 1, 2020. The report shall be submitted to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2266 through 2294, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - FISCAL YEAR 2019-2020

This section provides instructions for implementing the Fiscal Year 2019-2020 salary and benefit adjustments provided in this act. All allocations, distributions, and uses of these funds are to be made in strict accordance with the provisions of this act and chapter 216, Florida Statutes.

References to an "eligible" employee refer to an employee who is, at a minimum, meeting his or her required performance standards, if applicable. If an ineligible employee achieves performance standards subsequent to the salary implementation date, but on or before the end of the fiscal year, the employee may receive the increase; however, the increase shall be effective on the date the employee becomes eligible but not retroactively. In addition, any salary increase or bonus provided under this section shall be pro-rated based on the full-time equivalency of the employee's position. Employees classified as other personnel services employees are not eligible for an increase.

The Legislature intends that all eligible employees receive the increases specified in this section, even if the implementation of such increases results in an employee's salary exceeding the adjusted pay grade maximum.

(1) EMPLOYEE AND OFFICER COMPENSATION

The elected officers, members of commissions, and designated employees shall be paid at the annual rate, listed below, for the 2019-2020 fiscal year; however, these salaries may be reduced on a voluntary basis.
