Section 1. Effective July 1, 2021, paragraphs (b) and (c) of subsection (1) of section 320.06, Florida Statutes, are amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(1)

(b)1. Registration license plates bearing a graphic symbol and the alphanumeric system of identification shall be issued for a 10-year period. At the end of the 10-year period, upon renewal, the plate shall be replaced. The department shall extend the scheduled license plate replacement date from a 6-year period to a 10-year period. The fee for such replacement is \$28, \$2.80 of which shall be paid each year before the plate is replaced, to be credited toward the next \$28 replacement fee. The fees shall be deposited into the Highway Safety Operating Trust Fund. A credit or refund may not be given for any prior years' payments of the prorated replacement fee if the plate is replaced or surrendered before the end of the 10-year period, except that a credit may be given if a registrant is required by the department to replace a license plate under s. 320.08056(8)(a). With each license plate, a validation sticker shall be issued showing the owner's birth month, license plate number, and the year of expiration or the appropriate renewal period if the owner is not a natural person. The validation sticker shall be placed on the upper right corner of the license plate. The license plate and validation sticker shall be issued based on the applicant's appropriate renewal period. The registration period is 12 months, the extended registration period is 24 months, and all expirations occur based on the applicant's appropriate registration period. Vehicles taxed pursuant to s. 320.08(6)(a) may elect a permanent registration period, provided payment of the appropriate license taxes and fees occurs annually. A vehicle that has an apportioned registration shall be issued an annual license plate and a cab card that denote the declared gross vehicle weight for each apportioned jurisdiction in which the vehicle is authorized to operate.

2. In order to retain the efficient administration of the taxes and fees imposed by this chapter, the 80-cent fee increase in the replacement fee imposed by chapter 2009-71, Laws of Florida, is negated as provided in s. 320.0804.

(c) Registration license plates equipped with validation stickers subject to the registration period are valid for not more than 12 months and expire at midnight on the last day of the registration period. A registration license plate equipped with a validation sticker subject to the extended registration

period is valid for not more than 24 months and expires at midnight on the last day of the extended registration period. A registration license plate equipped with a validation sticker subject to a permanent registration period is permanently valid but shall become void if appropriate license taxes and fees are not paid annually. For each registration period after the one in which the metal registration license plate is issued, and until the license plate is required to be replaced, a validation sticker showing the month and year of expiration shall be issued upon payment of the proper license tax amount and fees and is valid for not more than 12 months. For each extended registration period occurring after the one in which the metal registration license plate is issued and until the license plate is required to be replaced, a validation sticker showing the year of expiration shall be issued upon payment of the proper license tax amount and fees and is valid for not more than 24 months. For each permanent registration period occurring after the one in which the metal registration license plate is issued and until the license plate is required to be replaced, a validation sticker showing a permanent registration period shall be issued upon payment of the proper license tax amount and fees and is permanently valid but shall become void if the proper license taxes and fees are not paid annually. When license plates equipped with validation stickers are issued in any month other than the owner's birth month or the designated registration period for any other motor vehicle, the effective date shall reflect the birth month or month and the year of renewal. However, when a license plate or validation sticker is issued for a period of less than 12 months, the applicant shall pay the appropriate amount of license tax and the applicable fee under s. 320.14 in addition to all other fees. Validation stickers issued for vehicles taxed under s. 320.08(6)(a), for any company that owns 250 vehicles or more, or for semitrailers taxed under the provisions of s. 320.08(5)(a), for any company that owns 50 vehicles or more, may be placed on any vehicle in the fleet so long as the vehicle receiving the validation sticker has the same owner's name and address as the vehicle to which the validation sticker was originally assigned.

Section 2. Paragraph (a) of subsection (3) of section 320.06, Florida Statutes, is amended to read:

320.06 Registration certificates, license plates, and validation stickers generally.—

(3)(a) Registration license plates must be made of metal specially treated with a retroreflection material, as specified by the department. The registration license plate is designed to increase nighttime visibility and legibility and must be at least 6 inches wide and not less than 12 inches in length, unless a plate with reduced dimensions is deemed necessary by the department to accommodate motorcycles, mopeds, or similar smaller vehicles. Validation stickers must also be treated with a retroreflection material, must be of such size as specified by the department, and must adhere to the license plate. The registration license plate must be imprinted with a combination of bold letters and numerals or numerals, not to exceed seven digits, to identify the registration license plate number. The license

License plates issued for vehicles taxed under s. 320.08(12) must be imprinted with the word “Florida” at the top and the word “Dealer” at the bottom unless the license plate is a specialty license plate as authorized in s. 320.08056. The state motto or the words “Sunshine State” shall be printed in lieu thereof. A license plate issued for a vehicle taxed under s. 320.08(6) may not be assigned a registration license number, or be issued with any other distinctive character or designation, that distinguishes the motor vehicle as a for-hire motor vehicle.

The plates shall conform in all respects to the provisions of this chapter, except as specified herein. For additional fees as set forth in s. 320.08056, fleet companies may purchase specialty license plates in lieu of the standard fleet license plates. Fleet companies shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 4. Subsection (12) of section 320.08, Florida Statutes, is amended to read:

Dealers shall be responsible for all costs associated with the specialty license plate, including all annual use fees, processing fees, fees associated with switching license plate types, and any other applicable fees.

Section 5. Section 320.08053, Florida Statutes, is amended to read:

320.08053 ~~Establishment of Requirements for requests to establish specialty license plates.—~~

(1) If a specialty license plate requested by an organization is approved by law, the organization must submit the proposed art design for the specialty license plate to the department, in a medium prescribed by the department, as soon as practicable, but no later than 60 days after the act approving the specialty license plate becomes a law.

If, at the conclusion of the 24-month presale period, the minimum sales requirement has ~~requirements have~~ not been met, the specialty plate is deauthorized and the department shall discontinue development of the plate and discontinue issuance of the presale vouchers. Upon deauthorization of the license plate, a purchaser of the license plate voucher may use the annual use fee collected as a credit towards any other specialty license plate or apply for a refund on a form prescribed by the department.

(3)(a) ~~New specialty license plates that have been approved by law but are awaiting issuance under paragraph (b) shall be issued in the order they appear in s. 320.08058 provided that they have met the presale requirement. All other provisions of this section must also be met before a specialty license plate may be issued. If the next awaiting specialty license plate has not met the presale requirement, the department shall proceed in the order provided in s. 320.08058 to identify the next qualified specialty license plate that has met the presale requirement. The department shall cycle through the list in statutory order.~~

(b) If the Legislature has approved 150 or more specialty license plates, the department may not make any new specialty license plates available for design or issuance until a sufficient number of plates are discontinued pursuant to s. 320.08056(8) such that the number of plates being issued does not exceed 150. Notwithstanding s. 320.08056(8)(a), the 150-license-plate limit includes license plates above the minimum sales threshold and those exempt from that threshold.

(c) A vehicle owner or lessee issued a specialty license plate that has been discontinued by the department may keep the discontinued specialty license plate for the remainder of the 10-year license plate replacement period and must pay all other applicable registration fees. However, such owner or lessee is exempt from paying the applicable specialty license plate annual

use fee under paragraph (3)(d) or subsection (4) for the remainder of the 10-year license plate replacement period.

(d) If the department discontinues issuance of a specialty license plate, all annual use fees held or collected by the department shall be distributed within 180 days after the date the specialty license plate is discontinued. Of those fees, the department shall retain an amount sufficient to defray the applicable administrative and inventory closeout costs associated with discontinuance of the plate. All remaining proceeds shall be distributed to the appropriate organization or organizations pursuant to s. 320.08058.

(e) If an organization that is the intended recipient of the funds pursuant to s. 320.08058 no longer exists, the department shall deposit any undisbursed proceeds into the Highway Safety Operating Trust Fund.

(f) Notwithstanding paragraph (a), on January 1 of each year, the department shall discontinue the specialty license plate with the fewest number of plates in circulation, including license plates exempt from a statutory sales requirement. The department shall mail a warning letter to the sponsoring organizations of the 10 percent of specialty license plates with the lowest number of valid, active registrations as of December 1 of each year.

(10)(a) A specialty license plate annual use fee collected and distributed under this chapter, or any interest earned from those fees, may not be used for commercial or for-profit activities nor for general or administrative expenses, except as authorized by s. 320.08058 or to pay the cost of the audit or report required by s. 320.08062(1). The fees and any interest earned from the fees may be expended only for use in this state unless the annual use fee is derived from the sale of United States Armed Forces and veterans-related specialty license plates pursuant to paragraph (3)(d) for the Support Our Troops and American Legion license plates; paragraphs (4)(b), (q), and (v) for the Florida Salutes Veterans, United States Marine Corps, and Military Services license plates, respectively; paragraphs (4)(d), (bb), (ll), (kkk), and (yyy) and s. 320.0891 for the U.S. Paratrooper license plate.

(12) Notwithstanding s. 320.08058(3)(a), the department, in cooperation with the independent colleges or universities as defined in s. 1009.89 or s. 1009.891, shall create a standard template specialty license plate with a unique logo or graphic identifying each independent college or university. Each independent college or university may elect to use this standard template specialty license plate in lieu of its own specialty license plate.

Annual use fees from the sale of these license plates shall be distributed to the independent college or university for which the logo or graphic is displayed on the license plate and shall be used as provided in s. 320.08058(3). Independent colleges or universities opting to use the standard template specialty license plate shall have their plate sales combined for purposes of meeting the minimum license plate sales threshold in paragraph (8)(a) and for determining the license plate limit in s. 320.08053(3)(b). Specialty license plates created pursuant to this subsection must be ordered directly from the department.

(13) For out-of-state college or university license plates created pursuant to this section, documentation acceptable to the department that the department has the college's or university's consent to use an appropriate image on a license plate shall be on file with the department prior to development of the out-of-state college or university license plate.

(14) Before the issuance of vouchers for the presale of an out-of-state college or university license plate, the department shall determine whether the state in which the out-of-state college or university is located has authorized any license plates for colleges or universities located in this state. The department may not issue any out-of-state college or university license plate unless the state in which the college or university is located has authorized license plates for colleges or universities located in this state.
