553.79 Permits; applications; issuance; inspections.—

(1)

(b) A local enforcement agency shall post each type of building permit application, including a list of all required attachments, drawings, or other requirements for each type of application, on its website. A local enforcement agency must post and update the status of every received application on its website until the issuance of the building permit. Completed applications,
including payments, attachments, drawings, or other requirements or parts of the completed permit application, must be able to be submitted electronically to the appropriate building department. Accepted methods of electronic submission include, but are not limited to, e-mail submission of applications in Portable Document Format or submission of applications through an electronic fill-in form available on the building department's website or through a third-party submission management software. Completed applications, including payments, attachments, or drawings, or other requirements or parts required as part of the completed permit application, may also be submitted in person in a nonelectronic format, at the discretion of the building official.

(d) A local enforcement agency must post its procedures for processing, reviewing, and approving submitted building permit applications on its website.

(14) A building permit for a single-family residential dwelling must be issued within 30 business working days after receiving the permit of application therefor unless unusual circumstances require a longer time for processing the application or unless the permit application fails to satisfy the Florida Building Code or the enforcing agency's laws or ordinances.

(a) If a local enforcement agency fails to issue a building permit for a single-family residential dwelling within 30 business days after receiving the permit application, it must reduce the building permit fee by 10 percent for each business day that it fails to meet the deadline. Each 10 percent reduction shall be based on the original amount of the building permit fee.

(b) A local enforcement agency does not have to reduce the building permit fee if it provides written notice to the applicant, by e-mail or United States Postal Service, within 30 business days after receiving the permit application, that specifically states the reasons the permit application fails to satisfy the Florida Building Code or the enforcing agency's laws or ordinances. The written notice must also state that the applicant has 10 business days after receiving the written notice to submit revisions to correct the permit application and that failure to correct the application within 10 business days will result in a denial of the application.

(c) The applicant has 10 business days after receiving the written notice to address the reasons specified by the local enforcement agency and submit revisions to correct the permit application. If the applicant submits revisions within 10 business days after receiving the written notice, the local enforcement agency has 10 business days after receiving such revisions to approve or deny the building permit unless the applicant agrees to a longer period in writing. If the local enforcement agency fails to issue or deny the building permit within 10 business days after receiving the revisions, it must reduce the building permit fee by 20 percent for the first business day that it fails to meet the deadline unless the applicant agrees to a longer period in writing. For each additional business day, but not to exceed 5 business days, that the local enforcement agency fails to meet the deadline, the building
permit fee must be reduced by an additional 10 percent. Each reduction shall be based on the original amount of the building permit fee.

(d) If any building permit fees are refunded under this subsection, the surcharges provided in s. 468.631 or s. 553.721 must be recalculated based on the amount of the building permit fees after the refund.

Section 5. Section 553.792, Florida Statutes, is amended to read:

553.792 Building permit application to local government.—

(a) Within 10 days of an applicant submitting an application to the local government, the local government shall advise the applicant what information, if any, is needed to deem the application properly completed in compliance with the filing requirements published by the local government. If the local government does not provide written notice that the applicant has not submitted the properly completed application, the application shall be automatically deemed properly completed and accepted. Within 45 days after receiving a completed application, a local government must notify an applicant if additional information is required for the local government to determine the sufficiency of the application, and shall specify the additional information that is required. The applicant must submit the additional information to the local government or request that the local government act without the additional information. While the applicant responds to the request for additional information, the 120-day period described in this subsection is tolled. Both parties may agree to a reasonable request for an extension of time, particularly in the event of a force majeure major or other extraordinary circumstance. The local government must approve, approve with conditions, or deny the application within 120 days following receipt of a completed application.

(b) If a local government fails to meet a deadline provided in paragraph (a), it must reduce the building permit fee by 10 percent for each business day that it fails to meet the deadline. Each 10 percent reduction shall be based on the original amount of the building permit fee, unless the parties agree to an extension of time.

2) (a) The procedures set forth in subsection (1) apply to the following building permit applications: accessory structure; alarm permit; nonresidential buildings less than 25,000 square feet; electric; irrigation permit; landscaping; mechanical; plumbing; residential units other than a single family unit; multifamily residential not exceeding 50 units; roofing; signs; site-plan approvals and subdivision plats not requiring public hearings or public notice; and lot grading and site alteration associated with the permit application set forth in this subsection. The procedures set forth in subsection (1) do not apply to permits for any wireless communications facilities or when a law, agency rule, or local ordinance specify different timeframes for review of local building permit applications.
(b) If a local government has different timeframes than the timeframes set forth in subsection (1) for reviewing building permit applications described in paragraph (a), the local government must meet the deadlines established by local ordinance. If a local government does not meet an established deadline to approve, approve with conditions, or deny an application, it must reduce the building permit fee by 10 percent for each business day that it fails to meet the deadline. Each 10 percent reduction shall be based on the original amount of the building permit fee, unless the parties agree to an extension of time. This paragraph does not apply to permits for any wireless communications facilities.

(3) If any building permit fees are refunded under this section, the surcharges provided in s. 468.631 or s. 553.721 must be recalculated based on the amount of the building permit fees after the refund.

553.794 Local government residential master building permit program.

(5) MASTER BUILDING PERMIT APPLICATION APPROVAL PROCESS.—

(c) The local building department must approve or deny a master building permit application within 120 days after the local building department receives a completed application, unless the applicant agrees to a longer period. If a local building department fails to approve or deny a master building permit application within 120 days after receiving the completed permit application, it must reduce the master building permit fee by 10 percent for each business day that it fails to meet the deadline, unless the applicant agrees to a longer time period.
