From the funds in Specific Appropriation 524, the Department of Health shall transfer an amount not to exceed $450,000 from the General Revenue Fund to the Agency for Health Care Administration for Medicaid reimbursable services that support children enrolled in contracted medical foster care programs.

From the funds in Specific Appropriation 524, up to $2,500,000 may be used by the Department of Health Children's Medical Services Program to provide benefits authorized in section 391.0315, Florida Statutes, for children with chronic and serious medical conditions who do not qualify for Medicaid or Title XXI of the Social Security Act. The department shall maximize the use of funding provided by federal block grants before utilizing general revenue funds. The department may serve children on a first-come, first-serve basis until the appropriated funds are fully obligated. The funds in Specific Appropriation 524 shall not be used to support continuing education courses or training for health professionals or staff employed by the Children’s Medical Services (CMS) Network or under contract with the Department of Health. This limitation shall include but not be limited to: classroom instruction, train the trainer, or web-based continuing education courses that may be considered professional development, or that results in continuing education credits that may be applied towards the initial or subsequent renewal of a health professional’s license. This does not preclude the CMS Network from providing information on treatment methodologies or best practices to appropriate CMS Network health professionals, staff, or contractors.

From the funds in Specific Appropriation 524, $730,000 from the General Revenue Fund, of which $450,000 is nonrecurring (HB 3993) (Senate Form 1318), is provided to the Fetal Alcohol Spectrum Disorder program in Sarasota County (recurring base appropriations project).

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1113 through 1192, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1113 through 1192, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties’ performance on factors that demonstrate how a county is supporting the department’s strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida’s communities to support the department’s strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 6, 2023.

Funds provided in Specific Appropriations 1130, 1138, 1169, 1175, 1182, 1185, 1187, and 1189 are provided for the sole purpose of raising hourly wages of employees of secure and nonsecure residential program providers and employees of prevention and intervention program providers to at least $15.00 per hour.

The department shall enter into a supplemental wage agreement with each provider to include this minimum wage requirement to ensure compliance. The agreement must require the provider to agree to pay each of its employees at least $15.00 per hour. The agreement shall include an attestation under penalty of perjury under section 837.012, Florida Statutes, stating that every employee of the provider, as of October 1, 2022, will be paid at least $15.00 per hour.

CODING: Language stricken has been vetoed by the Governor
SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

Beginning January 1, 2023, an employee of a provider that is not receiving a wage of at least $15.00 per hour may bring a civil action in a court of competent jurisdiction against his or her provider and, upon prevailing, shall recover the full amount of any back wages unlawfully withheld plus the same amount as liquidated damages, and shall be awarded reasonable attorney's fees and costs. In addition, they shall be entitled to such legal or equitable relief as may be appropriate to remedy the violation including, without limitation, reinstatement in employment and/or injunctive relief. Such actions may be brought as a class action pursuant to Rule 1.220 of the Florida Rules of Civil Procedure.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1168 through 1178, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor’s Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House of Representatives Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1168 through 1178, the department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2242 through 2267, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically provided in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor’s Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House of Representatives Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

From the funds in Specific Appropriations 2242 through 2245, and 2248 through 2250, 25 percent of these funds shall be held in reserve. Release is contingent upon the Department of Economic Opportunity releasing competitive solicitations for the procurement of the service integration platform and common customer portal for the Consumer-First Workforce Information System project no later than October 1, 2022. Upon the posting of these competitive solicitations, the department may request release of funds for approval by the Legislative Budget Commission pursuant to the provisions of chapter 216, Florida Statutes.

CODE: Language **stricken** has been vetoed by the Governor
The Division of Emergency Management must submit quarterly status reports on the outstanding obligations for each federally declared disaster event to the Executive Office of the Governor’s Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House of Representatives Appropriations Committee no later than the 15th day of the month following the end of a quarter. Based on the most recent quarterly report, the division must also provide an allocation of funding by appropriation category and funds needed to meet these obligations for the budget request year.

In order to properly store, manage, maintain, and deploy emergency supplies during emergency activations and responses, the Division of Emergency Management, in consultation with the Department of Health, shall solicit procurement proposals for the lease, acquisition, or construction of warehouse storage space as well as an inventory management solution. Proposals must be from experienced providers who can demonstrate successful past performance of projects similar in size, scope, and complexity. Proposals shall address:

1. The integration and colocation of the Division of Emergency Management and the Department of Health warehouses into a new, fully-licensed and regulatory-compliant warehouse footprint with facilities at various geographic locations that meet the state’s strategic needs for safety and distribution.

2. The capability of the warehouse facilities to store emergency supplies, including food and water, health and medical supplies, and medical equipment, including personal protective equipment, durable medical equipment, and medical countermeasures, in the correct environment with appropriate security, temperature, and humidity controls and in compliance with licensing and regulatory standards. Facility square footage shall be sufficient to access, maintain, inventory and distribute such supplies, which includes a PPE inventory pursuant to section 252.35(2)(u), Florida Statutes.

3. A staffing plan that ensures facility staff have appropriate knowledge, skills, and training to maintain, organize, identify, and package all types of emergency supplies, including medical equipment.

4. An inventory and quality management system that tracks and traces, in real-time, the state’s emergency supplies. The system must be able to track the number, type, location, and expiration date of supplies in real-time; facilitate the regular testing, maintenance, and rotation of supplies and equipment; and provide real-time reporting to assist in the state’s emergency response.

Proposals should identify the one-time and on-going costs associated with site selection and preparation, design and construction, retrofitting or renovations, leasing, utilities, software, and staffing, as appropriate. A proposal for an inventory management system is not required to be bundled with a proposal for the lease, acquisition, or construction of warehouse storage space. The division, with the Department of Health, shall develop a report that summarizes the proposals received; compares the costs and benefits of the proposals to the existing storage model; and identifies the most appropriate and cost-effective solution. The report shall be submitted to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 30, 2022.
From the funds in Specific Appropriation 2622, $3,500,000 in nonrecurring funds from the General Revenue Fund is provided to continue the statewide emergency and mass notification system with the capability to provide alerts of imminent or actual hazards to all Florida's citizens, businesses, and visitors.

From the funds in Specific Appropriation 2622, $300,000 in nonrecurring funds from the General Revenue Fund is provided for sign language interpreting services.

SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - FISCAL YEAR 2021-2022 and FISCAL YEAR 2022-2023

This section provides instructions for implementing the Fiscal Year 2021-2022 and Fiscal Year 2022-2023 salary and benefit adjustments provided in this act. All allocations, distributions, and uses of these funds are to be made in strict accordance with the provisions of this act and chapter 216, Florida Statutes.

Unless otherwise specified in this section, references to an "eligible" employee refer to an employee who is, at a minimum, meeting his or her required performance standards, if applicable. If an ineligible employee achieves performance standards subsequent to the salary implementation date, but on or before the end of the fiscal year, the employee may receive the increase; however, the increase shall be effective on the date the employee becomes eligible but not retroactively. In addition, any salary increase or bonus provided under this section shall be pro-rated based on the full-time equivalency of the employee's position. Employees classified as other personal services employees are not eligible for an increase.

It is the intent of the Legislature that the minimum and maximums for each pay grade and pay band be adjusted upward commensurate with the increases provided in subsections (1) and (2). In addition, the Legislature intends that all eligible employees receive the increases specified in this section, even if the implementation of such increases results in an employee's salary exceeding the adjusted pay grade maximum.

(1) EMPLOYEE AND OFFICER COMPENSATION

None of the officers, commission members, or employees whose salaries have been fixed in this section shall receive any supplemental salary or benefits from any county or municipality.

(b) Employee Compensation

Effective July 1, 2022, funds are provided in Specific Appropriation 2050 to increase each eligible employee's June 30, 2022, base rate of pay by 5.38 percent to address rising inflation. This inflation pay adjustment shall apply to each eligible employee in the Career Service, the Selected Exempt Service, the Senior Management Service, the lottery pay plan, the judicial branch pay plan, the legislative pay plan, the pay plans administered by the Justice Administration Commission, a military employee of the Florida National Guard on full-time military duty, and a non-career service employee of the Florida School for the Deaf and the Blind.
