PUBLIC DEFENDERS

The Public Defenders Coordination Office's budgeting, legal, training, and education needs may be funded by each Public Defender's office within the funds provided in Specific Appropriations 932 through 1075. Funding for this office shall not exceed \$450,000 from the Indigent Criminal Defense Trust Fund.

Each Public Defender Office must submit to the Justice Administrative Commission (JAC) a quarterly report detailing the number of appointed and reappointed cases by case type, number of cases closed by case type, number of clients represented, and number of conflicts by case type and the basis for the conflict. The JAC shall compile the reports into a tab delineated spreadsheet format and submit the results to the chair of the Senate Appropriations Committee on Criminal and Civil Justice and the chair of the House of Representatives Justice Appropriations Subcommittee within three weeks after the end of each quarter.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1132 through 1214, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1132 through 1214, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 5, 2024.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2269 through 2363, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify its eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are provided to obtain the required certification prior to any expenditure of funds.

SECTION 6 - GENERAL GOVERNMENT

From the funds in Specific Appropriations 2269 through 2363, no federal or state funds shall be used to pay for space being leased by a Local Workforce Development Board, CareerSource Florida, or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

The Department of Economic Opportunity must submit monthly status reports on the outstanding obligations for the Low-Income Home Energy Assistance Program, the Weatherization Assistance Program, and the Low-Income Household Water Assistance Program to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Appropriations Committee no later than the 15th day of the month. To demonstrate fiscal responsibility, at a minimum, each status report must include expenditures and obligations compared to appropriated budget authority.

The Department of Economic Opportunity shall coordinate with the state's manufacturing industry, including stakeholders such as the Manufacturing Extension Partnership National Network partners in this state, to study manufacturing in Florida. The department is encouraged to evaluate existing resources and partnerships that facilitate the growth and advancement of manufacturing in this state and enhance the competitive position of Florida in the national and international economy. Based upon the findings, the department may develop plans to grow high-tech jobs, provide necessary workforce training, strengthen supply chain and logistics resiliency, promote new technologies and innovations, or incentivize the on-shoring of manufacturing to Florida. The department must submit the report to the Governor, the President of the Senate, and the Speaker of the House of Representatives by December 1, 2023.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2293 through 2322, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically provided in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

PROGRAM: EMERGENCY MANAGEMENT

EMERGENCY PREVENTION, PREPAREDNESS AND RESPONSE

The Division of Emergency Management must submit quarterly status reports on the outstanding obligations for each federally declared disaster event to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Appropriations Committee no later than the 15th day of the month following the end of a quarter. Based on the most recent quarterly report, the division must also provide an allocation of funding by appropriation category and funds needed to meet these obligations for the budget request year.

In order to properly store, manage, maintain, and deploy emergency supplies, the Division of Emergency Management, in consultation with the Department of Health, shall issue Invitations to Negotiate (ITN) for a turnkey stockpile solution that includes the lease, buildout, and operation of one warehouse facility that serves as the hub facility for the storage and movement of emergency supplies in Florida during emergency activations and responses. ITN responses must be from experienced providers who can demonstrate successful past performance of projects similar in size, scope, and complexity. Respondents must have at least five years of direct experience in receiving, storing,

SECTION 6 - GENERAL GOVERNMENT

managing, and distributing state or federal stockpiles. The division shall select and recommend to the Governor, the President of the Senate, and the Speaker of the House of Representatives, the ITN response that has the best value for the state for final approval. ITN responses shall include:

1. An initial assessment of the existing inventory of supplies that includes a review of the condition of supplies, proper disposal of spoiled or renewal or disposal of expired supplies, sale of unnecessary supplies, onboarding of supplies into an inventory and quality management system, and relocation of supplies into the appropriate environment in the new hub facility.
2. The lease and buildout of the hub facility with the capability to store and manage emergency supplies, including food and water, health and medical supplies, and medical equipment such as personal protective equipment, durable medical equipment, and medical countermeasures, in the correct environment with appropriate security, temperature, and humidity controls and in compliance with industry licensing and regulatory standards. Facility square footage, including warehouse space and surface lot area, shall be sufficient to access, maintain, inventory, and distribute such supplies.
3. A staffing plan that ensures facility staff have appropriate knowledge, skills, and training to maintain, organize, identify, and package all types of emergency supplies, including medical equipment. Staffing plans must demonstrate how staff will utilize the inventory and quality management system in day-to-day operations to support the division. The plans must identify the use and quantity of division staff and staff of the ITN respondent, as applicable, necessary to operate the hub facility. All staff, whether of the ITN respondent or the division, shall operate at the direction of the division.
4. An inventory and quality management system that can track and trace, in real-time, the state's emergency supplies. The system must be able to track the number, type, location, and expiration date of supplies; facilitate the regular testing, maintenance, and rotation of supplies and equipment; and provide reporting to assist in the state's emergency response and recovery.
5. Identification of the one-time and on-going costs associated with site selection and preparation, design and construction, retrofitting or renovations, leasing, utilities, inventory assessment and relocation, software, product maintenance or rotation, and staffing, as appropriate.

Funds in Specific Appropriation 2676A are provided for hurricane repair and recovery related to projects within counties designated in the Federal Emergency Management Agency disaster declarations for Hurricanes Ian and Nicole. The Executive Office of the Governor, Division of Emergency Management is authorized to request budget amendments up to \$350,000,000 requesting release of funds pursuant to chapter 216, Florida Statutes, to provide resources to fund gaps in: mitigation of local and county revenue losses and operating deficits; infrastructure repair and replacement, including road, sewer, and water facilities; beach renourishment; and debris removal. The division shall coordinate with other state agencies and the local government or entity to ensure there is no duplication of benefits between these funds and other funding sources such as insurance proceeds and any other federal or state programs, including Public Assistance requests to the Federal Emergency Management Agency and Community Development Block Grant Disaster Recovery grants. Requests approved by the division for funding that are for projects ineligible for any other funding sources, whether federal or state programs, may be provided as grants. Requests approved by the division for funding that are for projects that are eligible for other funding sources shall be provided as loans which shall be repaid up to the amount of funds subsequently received. SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - FISCAL YEAR 2023-2024

This section provides instructions for implementing the Fiscal Year 2023-2024 salary and benefit adjustments provided in this act. All allocations, distributions, and uses of these funds are to be made in strict accordance with the provisions of this act and chapter 216, Florida Statutes.

Unless otherwise specified in this section, references to an "eligible" employee refer to an employee who is, at a minimum, meeting his or her required performance standards, if applicable. If an ineligible employee achieves performance standards subsequent to the salary implementation date, but on or before the end of the fiscal year, the employee may receive the increase; however, the increase shall be effective on the date the employee becomes eligible but not retroactively. In addition, any salary increase or bonus provided under this section shall be pro-rated based on the full-time equivalency of the employee's position. Employees classified as other personal services employees are not eligible for an increase.

It is the intent of the Legislature that the minimum and maximums for each pay grade and pay band be adjusted upward commensurate with the increases provided in subsections (1) and (2). In addition, the Legislature intends that all eligible employees receive the increases specified in this section, even if the implementation of such increases results in an employee's salary exceeding the adjusted pay grade maximum.
