The agency shall submit the report and associated data sets used to develop it to the Executive Office of the Governor, President of the Senate, and Speaker of the House of Representatives by December 31, 2025. FROM GENERAL REVENUE FUND 4,957,894

From the funds in Specific Appropriation 302A, \$4,129,654 in recurring funds from the General Revenue Fund shall be allocated to the Children's Advocacy Centers throughout the state for the reimbursement of expenses incurred in providing child advocacy center services (recurring base appropriations project).

The funds shall be distributed to the Florida Network of Children's Advocacy Centers, Inc., whose Board of Directors shall develop funding criteria and an allocation methodology that ensures an equitable distribution of those funds among network participant centers that meet the standards set forth in section 39.3035, Florida Statutes. The criteria and methodologies shall consider factors that include, but are not limited to, the Center's accreditation status with respect to the National Children's Alliance, the child population of the area being served by the children's advocacy center, and the number of children provided a core service by the Children's Advocacy Center. By a majority vote of the Board of Directors of the Florida Network of Children's Advocacy Centers, funds may be reallocated throughout the year as needed.

The Department of Children and Families shall provide an advance payment equal to one-fourth of the allocation upon request, and the Florida Network of Children's Advocacy Centers will invoice against the advance in the final quarter of the fiscal year.

The department shall provide to the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Budget Committee by August 1, 2025, the contract between the department and the Florida Network of Children's Advocacy Centers, the Fiscal Year 2025-2026 budgets submitted by the local child advocacy centers, and the approved allocation of funds to the local children's advocacy centers. The department shall also provide monthly reports to the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Budget Committee that detail the requests for monthly payments submitted by local children's advocacy centers and the status of those requests for reimbursement.

This funding may not be used to supplant local government reductions in Children's Advocacy Center funding. Child Advocacy Centers must certify each fiscal year that funds from this appropriation are not supplanting local governmental funds.

From the funds in Specific Appropriation 302A, the Florida Network of Children's Advocacy Centers may spend up to \$428,240 for administration, contract monitoring, and oversight (recurring base appropriations project).

From the funds in Specific Appropriation 302A, \$300,000 from the General Revenue Fund shall be used for forensic interviews, specialized interviews, and medical assessments shared with child protection teams operating in Children's Advocacy Centers. PUBLIC DEFENDERS

The Public Defenders Coordination Office's budgeting, legal, training, and education needs may be funded by each Public Defender's office within the funds provided in Specific Appropriations 880 through 1002A. Funding for this office shall not exceed \$450,000 from the Indigent Criminal Defense Trust Fund.

Each Public Defender Office must submit to the Justice Administrative Commission (JAC) a quarterly report detailing the number of appointed and reappointed cases by case type, number of cases closed by case type, number of clients represented, and number of conflicts by case type and the basis for the conflict. The JAC shall compile the reports into a tab delineated spreadsheet format and submit the results to the chair of the Senate Appropriations Committee on Criminal and Civil Justice and the chair of the House of Representatives Justice Budget Subcommittee within three weeks after the end of each quarter.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1051 through 1124B, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1051 through 1124B, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and the Speaker of the House of Representatives by January 9, 2026.

The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2073 through 2097A, the Department of Commerce must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically provided in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Committee on Appropriations, and the chair of the House of Representatives Budget Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Commerce must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.
