From the funds in Specific Appropriation 203, the calculations of the Medicaid Hospital Funding Programs for the 2018-2019 fiscal year are incorporated by reference in HB 5003. The calculations are the basis for the appropriations made in the General Appropriations Act.

From the funds in Specific Appropriations 203 and 207, \$22,767,278 from the General Revenue Fund and \$35,760,429 from the Medical Care Trust Fund are provided to increase the outpatient cap for adults from \$500 to \$1,500 per year.

From the funds in Specific Appropriation 203, the Agency for Health Care Administration shall implement an Enhanced Ambulatory Patient Grouping (EAPG) reimbursement methodology for hospital outpatient services as directed in section 409.905(6)(b), Florida Statutes.

- Ambulatory Surgical Center Base Rate - \$279.40
- Hospital Outpatient Base Rate - \$266.89
- Rural Hospital Provider Adjustor - 1.5662
- High Medicaid and High Outlier Hospital Adjustor - 2.0013
- Documentation and Coding Adjustment - 2%

The Agency for Health Care Administration may adjust the EAPG parameters based upon historical billing practices measured prior to the start of Fiscal Year 2018-2019 to comply with the availability of funds in Specific Appropriation 203.

The Agency for Health Care Administration shall adjust the EAPG parameters effective July 1, 2018, and publicly post on the Agency website, based upon the average Medicaid reimbursement per hospital outpatient visit paid in State Fiscal Year 2017-18 as recalculated in Section 23, excluding the transition period five percent cap on individual hospital losses and associated cap on gains to comply with the availability of funds in Specific Appropriation 203.

SECTION 3 - HUMAN SERVICES

By April 1, 2019, the Agency for Health Care Administration shall perform a comparison of Enhanced Ambulatory Patient Grouping (EAPG) fee-for-service rates implemented on July 1, 2018, to a new calculation of EAPG rates performed using hospital outpatient claims and encounters paid via EAPGs, for dates of service on or after July 1, 2018, and received by the Agency by February 15, 2019. If the comparison shows a difference in aggregate reimbursement levels, then new fee-for-service EAPG payment parameters, including updated per-service automatic rate enhancement amounts, shall be implemented effective April 1, 2019, posted publicly, and applied prospectively for the remainder of State Fiscal Year 2018-2019. The new rates will include positive and negative adjustments to individual hospital outpatient EAPG base rates. In addition, the re-calculated EAPG payment parameters shall result in payments per hospital outpatient visit that are, in the aggregate, equivalent to the average Medicaid reimbursement for hospital outpatient visits paid in State Fiscal Year 2017-2018. If new EAPG payment parameters are implemented on April 1, 2019, the parameters shall ensure budget neutrality in aggregate for State Fiscal Year 2018-2019 and shall include adjustments determined separately for each hospital that account for differences between the re-calculated rates and the EAPG rates implemented July 1, 2018. No recalculation of managed care capitation payments will be made based upon these adjustments. Managed care organizations that make payments to hospitals which are based upon EAPG payment rates shall use these adjusted rates, effective April 1, 2019, through the remainder of State Fiscal Year 2018-2019.

Funds in Specific Appropriation 204 are for the inclusion of freestanding dialysis clinics in the Medicaid program. Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include NDC information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 204, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for peritoneal dialysis (PD) as a modality choice. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' PD suitability.

From the funds in Specific Appropriations 204 and 218, \$18,117,229 from the Grants and Donations Trust Fund and \$28,456,624 from the Medical Care Trust Fund are provided to buy back hospice rate reductions, effective on or after January 1, 2008, and are contingent on the nonfederal share being provided through nursing home quality assessments. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

From the funds in Specific Appropriation 204, the Agency for Health Care Administration shall apply a recurring methodology to establish clinic services rates taking into consideration the reductions imposed on or after October 1, 2008, in the following manner: (1) the agency shall divide the total amount of each recurring reduction imposed by the number of visits originally used in the rate calculation for each rate setting period on or after October 1, 2008, which will yield a rate reduction per diem for each rate period; (2) the agency shall multiply

the resulting rate reduction per diem for each rate setting period on or after October 1, 2008, by the projected number of visits used in establishing the current budget estimate which will yield the total current reduction amount to be applied to current rates; (3) in the event the total current reduction amount is greater than the historical reduction amount, the agency shall hold the rate reduction to the historical reduction amount.

From the funds in Specific Appropriations 204 and 207, \$6,201,347 from the Grants and Donations Trust Fund and \$9,740,419 from the Medical Care Trust Fund are provided to buy back clinic services rate adjustments, effective on or after July 1, 2008, and are contingent on the non-federal share being provided through grants and donations from state, county or other governmental funds. Beginning July 1, 2018, the Department of Financial Services shall release 25 percent of the funds to each state attorney's office. Prior to subsequent quarterly fund releases, each state attorney's office must submit the following caseload data to the Department of Financial Services: the percentage of cases prosecuted of the total number of cases referred by the department; the number of cases not prosecuted and the reasons prosecution was not pursued; the staff assigned to each case; expenditures made; and the current status of each case. The Department of Financial Services shall determine if case activity warrants the continued release of funds.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice must, before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice may work within its existing budget,

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As the result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2019.

From the funds provided in Specific Appropriations 1104 through 1179A, the Department of Juvenile Justice shall submit quarterly reports on all travel related to training, seminars, workshops, conferences, or similarly purposed travel that was completed by senior management employees and division or program directors. Each quarterly report shall include the following information: (a) employee name, (b) position title, (c) purpose of travel, (d) dates and location of travel, (e) confirmation of agency head authorization if required by HB 5003, and (f) total travel cost. The report shall be submitted to the chair of the Senate Committee on Appropriations, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor. The first report shall be submitted on July 13, 2018, for the period of April 1, 2018, through June 30, 2018, and quarterly thereafter.

For each project or program specifically identified in proviso in Specific Appropriation 1120, the Department of Juvenile Justice shall submit a report on the current status of the project or program to the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee by February 1, 2019. The report shall list all performance measures and indicate whether the contractor is meeting each measure.

The remaining funds in Specific Appropriation 1120 are provided for services to youth at risk of commitment who are eligible to be placed in evidence-based and other alternative programs for family therapy services. These services shall be provided as an alternative to commitment. PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1154 through 1167, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1154 through 1167, in selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. In addition, the department must conduct an independent review of each out-of-state provider before issuing a new contract. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

From the funds in Specific Appropriation 1855, \$2,300,000 of nonrecurring funds is provided to community transportation coordinators who operate in counties that are not direct recipients of funding under the Urbanized Area Formula Program set forth in 49 U.S.C. section 5307 (Senate Form 2230). Funds are to be used to provide transportation services for persons with disabilities, older adults, and people with low income so that they may access health care, employment, education, and other life-sustaining activities. Funds allocated for this purpose shall be distributed among community transportation coordinators based upon the Transportation Disadvantaged Trip and Equipment allocation methodology established by the Commission for the Transportation Disadvantaged.

From the funds in Specific Appropriation 1855, \$1,250,000 in nonrecurring funds is provided to award competitive grants to community transportation coordinators to support transportation projects that: (1) enhance the access of older adults, persons with disabilities, and persons with low income to health care, shopping, education, employment, public services, and recreation; (2) assist in the development, improvement, and use of transportation systems in nonurbanized areas; (3) promote the efficient coordination of services; (4) support intercity bus transportation; and (5) encourage private transportation provider participation (Senate Form 2231).

From the funds in Specific Appropriation 1855, \$500,000 in nonrecurring funds shall be used by the Commission for the Transportation Disadvantaged (CTD) to competitively procure an entity that can provide a transportation services experience for persons with intellectual or developmental disabilities as defined in section 393.063, Florida Statutes, that is consistent with recommendations provided in the Transportation Disadvantaged State-Wide Service Analysis by the Center for Urban Transportation Research, dated December 2017. The successful bidder must collect data to measure transit performance for individuals with a disability, and the CTD shall report the findings to the President of the Senate and the Speaker of the House of Representatives by February 1, 2019.

From the funds in Specific Appropriation 1855, \$11,171,334 in nonrecurring funds shall be allocated equally among all 67 counties in the state for trip and equipment grants.

From the funds in Specific Appropriation 1855, \$44,685,334 in nonrecurring funds shall be allocated to community transportation coordinators for trip and equipment grants based on a comparative ranking of all community transportation coordinators in each of the following five categories:

1. Passenger trips. Total system passenger trips provided as a percentage of all community transportation coordinators' trips reported. This factor will represent 20 percent of the trip and equipment grant funds.
2. Vehicle miles. Total system vehicle miles traveled as a percentage of all community transportation coordinators' vehicle miles traveled and reported. This factor will represent 40 percent of the trip and equipment grant funds.
3. Population of older adults. Total county population of older adults as a percentage of the total state population of older adults of all community transportation coordinators. This factor will represent 13.33 percent of the trip and equipment grant funds. For the purpose of this allocation, the commission shall consider individuals age 60 and above as older adults.

SECTION 5 - NATURAL RESOURCES/ENVIRONMENT/GROWTH MANAGEMENT/TRANSPORTATION

4. Population of persons with disabilities. Total county population of persons with disabilities as a percentage of the total state population of persons with disabilities of all community transportation coordinators. This factor will represent 13.34 percent of the trip and equipment grant funds. For the purpose of this allocation, the commission shall consider individuals claiming a disability on the most recent United States Census survey.

5. Population of people with low incomes. Total county population of people with low incomes as a percentage of the total state population of people with low incomes of all community transportation coordinators. This factor will represent 13.33 percent of the trip and equipment grant funds. For the purpose of this allocation, the commission shall consider the income of individuals as reported on the most recent United States Census survey.

Transportation network companies are eligible to participate in transportation disadvantaged services as demand-responsive operations pursuant to section 427.011(9), Florida Statutes.

The Department of Economic Opportunity is prohibited from expending any specific appropriation from the General Revenue Fund, any trust fund, or from any other source for the rent, lease, or possession of any space for offices or other purpose or use at Northwood Centre, 1940 North Monroe Street, Tallahassee, Florida, pursuant to State of Florida Lease Nos. 720:0139, 750:0068, 790:0098, 400:0068, or 590:M139 or any other lease, except State of Florida Lease No. 400:0070.

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2175 through 2203, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

Funds in Specific Appropriation 3081 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

Also, before a county supervisor of elections receives funds for any software or hardware technology, including, but not limited to, any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable, by the Department of State. Additionally, before the supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.

The Trial Court Budget Commission shall determine the allocation of funds to the circuits. Funds distributed from this specific appropriation must be matched by local government, federal government, or private funds. The matching ratio for allocation of these funds shall be 30 percent non-state and 70 percent state funding, other than veterans court, which shall have a matching ratio of 20 percent non-state funding and 80 percent state funding. However, no match will be required for a problem-solving court that by its primary purpose or mission addresses activities for which state dollars are typically expended. Further, if the county meets the definition of a "fiscally constrained county," as provided in section 218.67, Florida Statutes, no match will be required. In pursuing funding under this specific appropriation, a circuit may consider, among other criteria, the extent to which a problem-solving court addresses the needs of individuals with an opioid use disorder.

The Trial Court Budget Commission shall phase in implementation of this specific appropriation to avoid disruption in services for individuals who are participating in state-funded problem-solving courts as of June 30, 2018, and to provide time for circuits to meet the requirements of this appropriation and request funding. As part of the phased-in implementation, the commission may allocate funding to any problem-solving court that received state funding in Fiscal Year 2017-18 while the problem-solving court secures and demonstrates the required match. Any such problem-solving court shall be in compliance with the match requirement no later than January 4, 2019.

SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - FISCAL YEAR 2018-2019

This section provides instructions for implementing the Fiscal Year 2018-2019 salary and benefit adjustments provided in this act. All allocations, distributions and uses of these funds are to be made in strict accordance with the provisions of this act and Chapter 216, Florida Statutes.

References to an "eligible" employee refer to an employee who is, at a minimum, meeting his or her required performance standards, if applicable. If an ineligible employee achieves performance standards subsequent to the salary implementation date, but on or before the end of the fiscal year, the employee may receive the increase; however, the increase shall be effective on the date the employee becomes eligible but not retroactively. In addition, any salary increase or bonus provided under this section shall be pro-rated based on the full-time equivalency of the employee's position. Employees classified as other personnel services employees are not eligible for an increase.

It is the intent of the Legislature that the minimum for each pay grade and pay band not be adjusted during the 2018-2019 fiscal year and that the maximums for each pay grade and pay band, impacted by a pay increase under this section, shall be adjusted upward by six percent, effective July 1, 2018. In addition, the Legislature intends that all eligible employees receive the increases specified in this section, even if the implementation of such increases results in an employee's salary exceeding the adjusted pay grade maximum.

(1) EMPLOYEE AND OFFICER COMPENSATION

(a) Law Enforcement Salary Adjustments.

1. Effective July 1, 2018, funds are provided in Specific Appropriation 1966 to grant a competitive pay adjustment of seven percent on each eligible law enforcement officer's June 30, 2018, base rate of pay.

2. Effective July 1, 2018, funds are provided in Specific Appropriation 1966 to grant a special pay adjustment of three percent on each eligible law enforcement officer's June 30, 2018, base rate of pay. To receive this special salary adjustment, the law enforcement officer must have completed at least 10 years of state service as a law enforcement officer by July 1, 2018.

3. For purposes of this paragraph, the term "law enforcement officer" means:

a. b. Sworn officers in the following classification codes: Law Enforcement Lieutenant (8522); Law Enforcement Captain (8525 and 8632); Law Enforcement Major (8526, 8626, and 8630); Law Enforcement Manager (8565); Law Enforcement Section Leader (9154); Special Agent Supervisor (1126 and 8584); Inspector-FDLE (8590); and Investigators I-VI (6661, 6662, 6663, 6664, 6665, and 6666).

4. To receive the adjustments authorized by this paragraph, the law enforcement officer must be employed on the effective date of the adjustment by the Department of Legal Affairs, the Department of Agriculture and Consumer Services, the Department of Financial Services, the Department of Law Enforcement, the Department of Highway Safety and Motor Vehicles, the Department of Business and Professional Regulation, the Department of the Lottery, the Fish and Wildlife Conservation Commission, the offices of State Attorneys, the Florida Commission on Offender Review, or the Florida School for the Deaf and the Blind.

(b) Juvenile Justice Salary Adjustments.

1. Effective July 1, 2018, the Department of Juvenile Justice shall adjust the minimum annual base rate of pay for its positions in the

juvenile justice detention officer series and juvenile probation officer series as follows:

- a. Juvenile Justice Detention Officer I (class code 5711) to \$28,027.
- b. Juvenile Justice Detention Officer II (class code 5712) to \$29,195.
- c. Juvenile Justice Detention Officer Supervisor (class code 5713) to \$30,719.
- d. Juvenile Probation Officer (class code 5965) to \$32,278.
- e. Senior Juvenile Probation Officer (class code 5966) to \$34,087.
- f. Juvenile Probation Officer Supervisor (class code 5967) to \$35,966.

2. Effective July 1, 2018, funds are provided in Specific Appropriation 1966 to fund the adjustments to the minimum base rates of pay specified in paragraph 1. and to grant a competitive pay adjustment of 10 percent on each eligible employee's June 30, 2018, base rate of pay.
