

## CHAPTER 2018-36

### Committee Substitute for Committee Substitute for House Bill No. 429

An act relating to donation and transfer of human tissue; amending s. 381.0041, F.S.; requiring the Department of Health to develop and publish on its website an educational pamphlet relating to certain tissue transplants; requiring the educational pamphlet to include specified information relating to the risks and benefits of human cell, tissue, and cellular and tissue-based product transplants; providing an effective date.

Be It Enacted by the Legislature of the State of Florida:

Section 1. Subsection (13) is added to section 381.0041, Florida Statutes, to read:

381.0041 Donation and transfer of human tissue; testing requirements.

(13) The department shall develop and publish on its website an educational pamphlet relating to the risks and benefits of human cell, tissue, and cellular and tissue-based product transplants. The department shall electronically notify physicians of the availability of the pamphlet. At a minimum, the pamphlet shall include:

- (a) An overview of the risk of infectious disease transmission.
- (b) An overview of the standards for donor testing and screening.
- (c) An overview of processing methods intended to reduce the risk of disease or bacterial transmission in donated human cells, tissue, or cellular or tissue-based products.
- (d) The importance of providing limited recipient transplant information to the supplier of the human cells, tissue, or cellular or tissue-based products.
- (e) The generosity of the human donor who provided the human cells, tissue, or cellular or tissue-based products.

Section 2. This act shall take effect July 1, 2018.

Approved by the Governor March 19, 2018.

Filed in Office Secretary of State March 19, 2018.
